This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

The records of Marriages which have taken place in Holy Trinity Church, Stratford-on-Avon, herein printed, are preserved in four of the volumes of the parish Registers.

With regard to the particular volumes from which the transcripts have been made, the following brief description may be of interest:—

Entries of Marriages from 24 April 1558 to 27 August 1651, and also from 31 March 1687 to 24 March 1754, are to be found in the first, or earliest Register, which consists of leaves of parchment, bound in brown leather; it measures 7¾ inches by 17¾ inches, and is 3 inches thick.*

Those from 29 November 1653 to 29 May 1686 are in what is known as the intermediate Register commenced during the Commonwealth. It is numbered "3," consists of parchment leaves bound in brown leather, and measures 6¼ inches by 15 inches.

Those from 16 April 1754 to 7 March 1800, are in a leather bound volume, with a large leather-covered flap. It is numbered "4," and measures 10 inches by 15½ inches; its leaves are of paper, upon the pages of which are printed the forms issued in 1754.

Those from 10 March 1800 to 22 December 1812, are in a similar volume to the last-mentioned, but without a flap. It is numbered "5," and measures 9½ inches by 15¼ inches.

* A full description and drawing of it is given in the printed volume of Baptisms published in 1897.

The entries in volumes "4" and "5" have been somewhat abbreviated in the printed copy, but special care has been taken that every essential particular is given.

With reference to the entries of Marriages from 29 November 1653 to 8 March 1658-9, it is believed that very few Parish Registers contain similar records either for peculiarity or completeness. It appears that they were first kept in accordance with an Act of Parliament passed in 1653 and to have continued until the resignation of the Protectorate by Richard, son of Oliver Cromwell, in May 1659.

An additional special interest is attached to this volume from its recording the marriages of Shakespeare's two daughters, Susanna and Judith (see pages 22 and 27).

With reference to the entry on page 47 of the marriage of "Samuell Rawlins of Marson Sicca and Ailce Philpott of Lythorne," it appears from the Lighthorne Registers that the lady was the daughter of John Philpot, then Rector of Lighthorne, who thus records the marriage in his parish Register:—"Samuel Rawlings of Longe Marson in ye Countie of Gloster & Alice Philpot my daughter were maried first at Lighthorne about nine of ye clocke in ye morninge, and abought twelve of ye clocke were maried againe by Mr Greene then Bailie of Stratford vpon Avon vpon Thursday w^c^ was ye nineteenth day of October Año Domj 1654::

God blesse them both Amen."
